

The Herald and News.

E. H. AULL, EDITOR.

LEGISLATIVE REVIEW.

The editor of The Herald and News was laid up last week with the grip. He has been ordered home by the physician with strict instructions not to leave his room. Therefore he cannot well give a letter from Columbia, but will try to fill the column with such matter as may prove interesting to the readers of The Herald and News.

Did you ever have the grip? Then you know something about it. This is our first experience and we sincerely hope it may be our last. Our doctor says all we have to do is to stay in doors and be careful. That is very hard to do unless you are too sick to be up, but we are trying hard to obey the orders of the physician for we are told that the grip is a very insidious disease.

In the elections last week the legislature has done very well. The present judges who desired re-election had no opposition. The successors of Judges Benet and Buchanan are good men and lawyers of ability and will adorn the bench in South Carolina. In addition they are young men and will bring the vigor of youth to the discharge of their duties. It was well that the old board of dispensary directors was re-elected. The affairs of this institution during their term has been well managed and we have had no scandals, and in that case it was well to let well enough alone. We omitted to mention that Cole L. Bleas was elected to succeed Prof. W. K. Sligh on the board of trustees of the Colored State College at Orangeburg. Newberry has had representation on this board since the organization of the college. It was a pleasure to us that Miss LaBorde was elected State librarian without opposition. She is a most excellent and a most deserving young woman and the legislature did well in retaining her.

Mr. McGowan's redistricting bill has passed the house. It leaves the third district just as it is at present and that is the only one which directly concerns the people of Newberry. The bill has not yet passed the Senate but it is very probable that it will with possibly a few amendments. Of course there is opposition to this bill as there would be to any plan and it was surprising with what unanimity the McGowan plan passed the house.

Our friend and former schoolmate, the Hon. Preston Brooks Mayson of Edgefield had a very far reaching measure which he was urging. It proposed to give the farmer or land owner a lien for supplies or advances, in addition to his lien for rent, priority without a written contract and without recording. Mr. Mayson made an eloquent speech in favor of his bill and it was then killed.

Mr. Kibler of Newberry had a bill to put geese, ducks, and fowls generally under the provisions of the stock law along with cows and hogs. After striking out chickens the bill passed the house. It is a good bill for a flock of geese or ducks can do as much damage to a wheat field as a drove of cattle. Only chickens should have been included.

A proposition has been presented to the legislature in the shape of a bill to establish by the State a big fertilizer factory, and while the State fights the fertilizer trust to inaugurate a big trust on its own account. It may be that the gentlemen who present the proposition think the best way to fight the devil is with fire, and if the attorney general can't get the legislature to enact anti-trust laws sufficiently strong to drive the trusts from the State we may be able to do it by establishing a big fertilizer factory to be operated by convicts. The proposed bill reads as follows: "The proposed bill reads as follows: and has passed the house:

Section 1. That a commission consisting of three members of the general assembly, two of whom shall be appointed by the speaker of the house and one of whom shall be appointed by the president of the senate, be and the same is hereby created, for the purpose of inquiring into the advisability of establishing and operating a fertilizer plant in this State with the convicts of the State penitentiary.

"Sec. 2. That it shall be the duty of the said commission to make careful inquiry into the question of location, cost of materials, machinery, plant, operating expenses and any other matters pertinent to the manufacture and sale of fertilizers in this State, with a view to operating such fertilizer plant with convicts from the State penitentiary.

"Sec. 3. That said commission shall report its findings, conclusions and recommendations to the next general assembly, and shall receive as compensation a per diem of four dollars each day for the time actually employed in the investigation, not to exceed 15 days, and mileage at the rate of 5 cents per mile."

It may be if this committee reports favorably that we can have cheap fertilizers.

The good roads trains on the Southern have already reached Columbia and will be there during the week. The convention is to be held on the 30th and 31st. It is near by Newberry and offers an admirable opportunity for our people to run down and see some good roads built and learn something of their construction.

South Carolina Day at the Charleston Exposition will be Friday and Saturday, February 7th and 8th. The in-

vitation has already been extended and accepted and on those two days the legislature will adjourn and go to Charleston.

Two weeks of the session have now been concluded and not a great deal has been accomplished. It is true the elections are all out of the way and a great many bills have been buried, but the calendars are still heavy and there is much important work before the legislature.

The Senate adjourned on Friday night over to Monday night.

Mr. Jas. T. Harris, owner of the Spartanburg Daily Herald, has bought the Truth newspaper and will run it in connection with the Semi-weekly Herald. Gen. J. L. Stoppelbein who was the owner and editor of the Truth will resume the practice of law.

The high prices of corn and oats should be a warning to our farmers to plant heavily of these crops this year and then to give them attention after they are planted. Farming in this country can only be made profitable when our farmers learn to make their own bread and meat on the farm. Those farmers who follow this plan always make some money on the farm it matters little what the price of cotton is.

Now that the bonds have been sold and the survey of the town made, we hope there will not be much more delay in the matter of putting in the system of sewerage voted by the town last year.

Would it not be a good idea for the legislature to revoke the charter of the guano trust and pass Senator Mayfield's bill to establish a State fertilizer manufactory?—EX.

Then why not establish one big wagon and buggy manufactory and supply the farmers with these implements. Or manufacture the plowshares and plowstocks?

The Yorkville Yeoman, we are sure, unintentionally does Senator Appelt an injustice. Mr. Appelt has made a good senator and is not "very annoying" to the senators by asking constantly for information. The trouble with the criticism of the Yeoman is that it is based on a statement taken from another paper hostile to Senator Appelt, which statement was untrue. It is just as well to be fair even in dealing with your enemies.

THE CHARLESTON EXPOSITION.

A Newberryman Now in Charleston Writes of the Beautiful and Wonderful Sights to be Seen There at This Time.

Charleston, S. C., Jan. 21, 1902.

The Herald and News:

Your correspondent thinks it high time he was writing a few words from this busy and beautiful city of historic interest, pleasant memories and associations, and Exposition enterprise and progress.

Since the departure of the representatives of the State Press Association, which numbered about eighty, more or less, including Gov. McSweeney's baby, there has been rapid and remarkable advancement at the Ivory city, as the Exposition inclosure is popularly called.

From the time the visitor sees the buildings, brilliant with electric lights as he looks from the windows of the Southern train arriving from Newberry to the evening, until he promenades the grounds and palaces, it is one round of delight, despite the fact that some things remain to be placed in position.

Considering the weather, the difficulties and the drawbacks, the promoters of the Exposition deserve great praise and encouragement for surmounting the huge obstacles and successfully launching this vast place of benefit and amusement, instead of being discouraged in their laudable undertaking.

There is enough to be seen to fill the visitor with wonder and amazement and as he takes it all in he can but acknowledge that the Exposition was a stupendous undertaking. It is an immense affair from beginning to end, and a wonder and marvel to all except a few crows who are dissatisfied because they have been unsuccessful in their own schemes in connection therewith. Such is the weakness of human nature in some instances.

Parties who have been to the various Expositions say that the site of the Charleston Exposition is the most beautiful of them all, and the arrangement of the buildings the most complete and satisfactory.

The crowds are increasing from all directions here, and the trolleys are loaded with visitors to the Exposition, both strangers and residents, who show by their going and returning that they are well pleased with what they see.

Not wanting to be tiresome this will do for once.

PARDON ASKED FOR.

An Application Filed in Behalf of the Risers

Friends of the Risers, the two Newberry county men who were sent to the penitentiary for systematically robbing the depot at Pomaria, have gotten up a strong petition in their behalf which has just been presented to the Governor. A year ago the Governor refused to exercise clemency in these cases. Many new reasons are set forth in the present petition and it is an unusually strong one.—The State, 24th.

CONDUCTOR O. E. HUGHES.

Captain Hughes to be Transferred to the Columbia and Asheville Division.

Captain Hughes, who has been running conductor on the Columbia and Greenville division of the Southern road for about 25 years, is to be transferred February 1st to the Columbia and Asheville division.

The announcement will be a source of regret to Captain Hughes' many friends along the C. & G. He has been coming to Greenville so often and for so many years that he is considered one of us and there is no conductor on any road who has more friends, not only in Greenville, but along the entire route of the Greenville and Columbia division than Capt. O. E. Hughes.

It is reported that there will be an entirely new crew on the C. & G. division after the first of February. The train leaving here now at 9:40 a. m. will after that time run from Greenville through Columbia to Augusta instead of from Greenville to Columbia only as heretofore.—Greenville News, 23d.

Gleanings Around Timothy Creek.

Cold weather continues here as elsewhere.

The grain is about the same as at other places we hear.

Mr. Robert Schumpert has sown some of his wheat over.

Mr. John Cousins has hauled home ten thousand new cans.

Mr. John Cousins, Jr., intends enlarging his cannery this year. Will make the shed larger, and a house to store away his cans.

Mrs. McCloud, who has been with her daughter some time, has returned to her home in Lexington.

Mr. Lambert Sligh and wife, and mother and family have moved near Ebenezer Church. We think they are now in the right place, for Ebenezer, certainly needs some good singers, and the Messrs. Sligh are hard to beat singing. We hope they will go to work and strengthen the choir at old Ebenezer.

Mr. John Cousins lost a fine bird dog recently, from dystemper. It was at first thought to be mad; it killed and ate a goose for Mr. Berley Cromer, ran in the house and bit his little boy, Olin, and ran off. The dog was tied and the little boy carried at once to the madstone. It was applied but did not take. We are glad to say the dog was not mad as feared, but proved to be a severe case of dystemper.

Mr. John Cousins and family spent Friday night with his father's family.

Mr. Frank Boozer and daughter have moved to Prosperity.

Mr. Hanse Boozer has moved in his father's house.

Mr. John Cousins, Sr., has bought another piece of land joining his tract near Cannon's creek.

Mr. Jake Hawkins is running a store down on Harmon's quarter.

Mrs. Hannah Lester and Miss Mabel, her grand daughter, will move to Prosperity.

Mr. Marcellus Lester speaks of going to Columbia.

Rev. Walter Henry who has been teaching a school at Dead Fall, has a call to Graniteville where he is packing up to go at once. We wish him and his better half happiness and success wherever they may go.

VERNEN.

Hendrix's Mill News.

The health of our section was never better we think, except bad colds.

Mr. Will Crumpton has opened up a blacksmith shop near Bedenbaugh's gin and is ready to do first class work.

Glad to see so many of your correspondents reporting the news. We are glad to read every one of their letters and would write oftener, but we have our hands more than full.

Mrs. Wm. H. Long had the misfortune of falling on last Wednesday afternoon and breaking her arm and badly shaking herself up. She is doing as well as could be expected at this writing.

Mrs. Cansadia Houlston, of near Batesburg, is visiting her uncle, Mr. W. H. Long.

Mrs. Jno. W. Cameron of near Denry's Cross Roads is with her mother, Mrs. Wm. H. Long.

Mr. Eddie Dominick is building himself a neat little cottage.

Long Bros. are now sawing lumber near Uppell.

Messrs B. R. Long & Bros. are sawing lumber on Jno. A. Nichols' place.

We are expecting our nephew, S. B. Dominick, who is at present fireman on a through freight from Columbia to Savannah.

We now have United States government mail boxes on our rural free delivery route.

There has been a great deal of moving recently, but we refrain from mentioning them.

LEONA.

Newberry Co., Jan. 27, 1902.

A Poor Millionaire.

Lately starved in London because he could not digest his food. Early use of Dr. King's New Life Pills would have saved him. They strengthen the stomach, aid digestion, promote assimilation, improve appetite. Price 25c. Money back if not satisfied. Sold by all druggists.

Notice of Application for Homestead.

TAKE NOTICE, THAT JOSEPH Quattlebaum, has filed his petition with the undersigned, asking that a Homestead be set aside to him in that tract of land lying in the County of Newberry, State of South Carolina, upon which the petitioner now resides, and also an exemption in the personal property of which he is possessed.

H. H. RIKARD, Master, N. C. Master's Office Jan. 13, 1902. 4t.

St. Paul's Items.

The president of the graveyard association requested me to say that there will be a meeting of the association first Sunday in February, just before preaching. The object of meeting is to elect officers for the ensuing year. This meeting was to have been last Sunday, but on account of the burial of the president's sister-in-law, Mrs. Sue Kibler, it was postponed.

Some few of our farmers have commenced to plow to make preparations for another crop. Poor farmers.

Chips, thank you for being mindful of us.

Boinest & Co. are now sawing at the old stand at Mr. L. I. Epting's. They have done more ginning since Christmas than any previous year.

Mr. L. I. Epting is in the insurance business and would be glad to write your life policy.

Will close for this time as messenger is at gate waiting.

Jan. 24, 1902. PSH.

Advertised Letters.

Remaining in postoffice for week ending January 24, 1902.

Not a few odds and ends, but the biggest stock of Merchandise in Newberry to select from.

COME TO THE BIG COST SALE.

MIMNAUGH'S,

The Leading Store of Newberry, S. C.

YOU CAN'T DOWN THE STIEFF!

There are all kinds of men in the Piano business, but the meanest competitor that has attracted our attention recently, is the man who sets to and willfully tries to dissatisfy customers that have already bought fine Pianos by telling them they have been swindled, etc. We would advise such man as this to get out to work, put in the time they waste in such work as this in hunting new customers, and perhaps they could sell a Piano once in a while.

The class of people who buy the STIEFF PIANOS are the best people on earth, and their minds are not to be changed by every little wind that blows.

STIEFF PIANOS are the very finest Pianos made, and are sold all over the world on merit alone. It's the old reliable STIEFF PIANO all the time, and when anyone tells you he can furnish something as good for less money—just remember you have heard "Ghost stories" before.

Write today and get Factory prices on the STIEFF PIANO and save the big profits made by the dealer.
